TOWN OF LOOMIS

September 21, 2017

Town Council Members
Loomis Town Hall
3665 Taylor Road
Loomis, California 95650

Via Hand Delivery

Attention: Crickett Strock, Town Clerk
Re: Vacancy on the Town Council

Dear Council Members,

Please find my application for Appointment to the Town Council for your consideration. As a nearly lifelong Loomis resident, it would be an honor and a privilege to serve on the Town Council with you. I recently left a management position in Sacramento which now affords me the time to be more involved in my home town matters and to run, full time, our family's golf course, Indian Creek Country Club, located in the town limits. My parents built the course in 1967 and we are celebrating our 50th anniversary this year.

To say that I am passionate about our town is an understatement! I have loved Loomis all of my life; it is my home town. I have watched Loomis evolve since the 60's and know its history well. I feel that I will bring much to the table should you appoint me. I come with business acumen as demonstrated by my many years of experience in various fields of work; general management, retail, restaurant, medical, construction, and of course golf course management. My educational background includes a Master's in Business Administration along with a Bachelor degree in Business Management with concentrations both in Business Management and Entrepreneurship from Sacramento State University. I will always be an advocate for business in our town.

I have had the opportunity to work with the Loomis Chamber of Commerce for many years in several capacities. I was President for two years, Vice-President for one and served a number of years as a member of the Board of Directors. I also had a short stint as the interim Chamber Office Manager. I will continue to work within our community to develop businesses and encourage those that are already here to grow and thrive.

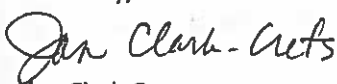

I am a people person and know that great relationships can build and cultivate anything. I would strive to build relationships among us and for the town. I am quite capable of conflict resolution and love to problem solve. I am a very positive person in disposition, and I also have great strength in my convictions and am very determined in my resolve. I will work extremely hard for the Town of Loomis.

I appreciate the absolute wonderful gifts that Loomis has to offer. Our family owns 90+ acres in the town limits and I know the pricelessness of our beautiful open lands and yet realize the need for smart growth in areas designated as such. I am well aware of the current projects that Loomis is considering and some that are already approved. I am a proponent for carefully planned growth that will benefit our town and utilize our resources wisely.

In summary, I feel that I would be a great addition to our Council because I have leadership experience working with the community, I have lived in Loomis most of all of my life, I have years of business experience and have a great love for our town.

I hope that you consider me for this very important position on the Town Council.

Sincerely,

Jan Clark-Crets

Jeff Duncan

Lawnview Ave., Loomis, California 95650

Objective

The reason for my interest in the Loomis Town Council position is based upon my love for Loomis. My wife Ronda and I moved to Loomis in 1986 and we stayed for the community and schools. Our son Jon attended Loomis, Franklin, and Del Oro. We have seen this town grow and are truly happy in the way Loomis has evolved into what it is today. I would like to help with the continued evolution of Loomis. I believe that my experience would be of great help to the Town of Loomis and would enjoy serving as a Loomis Town Council Member.

Experience

I retired from the California Department of Corrections and Rehabilitation (CDC&R) on December 1, 2010 after 24 years of service. I served as a Correctional Officer, Correctional Counselor I, and Correctional Counselor II all at California State Prison Sacramento County (CSP-SAC, also known as New Folsom). All of these positions required the ability to communicate with an extremely diverse group of individuals. My last three years at CSP-SAC I spent working as an assistant to the Classification & Parole Representative. My duties included working with records staff to ensure that legal documentation received from the California Courts regarding inmate cases were correctly evaluated for the proper placement of inmates and that all legal criteria were met prior to the release of the parolee. In order to accomplish these tasks efficiently and accurately required an interaction with a variety of professionals from many areas, such as but not limited to, medical/psychiatric, classification, parole and custody. I accomplished these tasks with the cooperation of many and I was the liaison between them all. Everyone I worked with appreciated my professional and friendly demeanor. Prior to my career in public service I worked in construction, retail, as a mental health worker, and finally as a machinist apprentice. My retirement was not related to my medical issues that I had been dealing with for a couple of years; however my medical issues were one of several that determined that it was time to retire. My medical issues have been resolved and I am again ready to serve the public. Hopefully it will be with the town of Loomis.

Education

Bachelor of Arts: Psychology 1994 California State University Sacramento

Skills

My greatest asset is the ability to work with a diverse group of people to accomplish goals. I am dependable, trustworthy, analytical and friendly. I have skills, as well as training, in communication, supervision, investigation, and conflict management and conflict resolution.

Career Overview

Information Technology High Lights

I have 24 years of progressive experience in the computer industry including, 20 years of Information Technology Management, 13 years of wide area networking, 15 years of Database Development. I have in addition worked with mainframe and remote worldwide telecommunications. I have a diverse background in planning, design, development, implementation and management of hardware, software and database operations. I have managed two mainframe data processing centers and three CADD, GIS and Scanning service bureaus as well as founding two companies to develop and market advanced GIS software and services. I have audited three large firm Help Desks to improve customer satisfaction by providing standardized documentation, intranet web pages and call management, tracking and reporting systems.

GIS High Lights

Pioneered in 1985 the use of digital scanning and the application of Artificial Intelligence software to convert existing paper maps into a seamless full-scale digital map on state grid plane for the City of Danville, California.

Contracted and Managed projects as primary contractor with City, County, State and the Private Sector to access the needs (Hardware, Software and Services) of the agency involved for planning, purchasing, implementing and managing GIS hardware, software and data acquisition solutions for the agency.

Managed the conversion of 3 counties and six cities to digital format for use with GIS systems including Intergraph, Ultimap and CAD programs FMSAC and ACAD. The data bases included multiple layers of Geographic Information including property parcels, streets, water, sewer, storm drains, electrical power, street lights, building footprints with floor plans, earthquake faults, flood plains, drainage basins and topographic as well as specialized layers for Police, incident reporting and Fire Department applications, run books with apparatus access restrictions, hydrant locations, storm drain openings and hazardous material storage areas. Sources for data acquisition included existing manually drawn maps, manually and CAD created building floor plans, site survey, GPS, TIGER, DIME, DLG and digitized Aerial Photography.

EMPLOYMENT HISTORY

Pastor, Church of Random Acts of Kindness, Loomis, CA	2010 to Present
Business owner, Hot Java to Go, Morgan Hill, CA	2007-10

Senior Technical Illustrator (CADAM), Lockheed, Sunnyvale, CA	1977-83
Senior Electro-Mechanical Designer, Various high-technology companies	1972-77

Organization and Community Experience

William Quenneville Sr.

1977 to 1985

I was President of the Edenvale Homeowners Association from 1977 to 1985. The association included approximately 2500 single family homes and duplexes, 50 businesses and 100 apartment buildings. Between single family homes, duplexes and apartment's there were approximately 6800 residents.

1975 to 1985

I was a member of the Mayors Advisor Council with Mayor Janet Gray Hayes, City of San Jose, California

1981-1991

I was involved in Boy Scouts. I served as Cub Master, Webelos Leader and Scout Master. I grew up and was a Boy Scout in my youth.

2005 to 2007

I served on the Senior Advisory Commission and Chaired the Disability Committee for the City of Morgan Hill, California.

2007 to 2010

Member of the Morgan Hill Downtown Association

2007-2008

Member of the Morgan Hill Chamber of Commerce

2008

Selected as Business man of the Year, Morgan Hill Downtown Association

2010 to Present

I have been the Pastor for Church of Random Acts of Kindness. We are a first step Church to aid those who need to make the first step to recovery from alcohol and drug abuse.

Other Experience

William Quenneville Sr.

I have lived in small towns and cities. There are significant differences between the two. Loomis is a great small town that is at a juncture in the road. Does it grow rapidly and lose its charm, character and identity or does it stay on the path and continue as a small town. I have watched both the City of Morgan Hill and the City of Gilroy transition from small towns like Loomis to the cities they currently are. What I bring to Loomis is my understanding of the difficulties that small towns encounter as they grow which is inevitable. I have worked with both Law enforcement and Fire Departments over the years and have good understanding of their operations. I participated as a business owner in working to rehabilitate Downtown Morgan Hill. I have been active in Loomis since before I moved here. I believe that my experience will allow me to hit the ground running should I be selected to Mayor of Loomis.
